

PRODUCT DESCRIPTION

TOTACHI® Anti-Rust Spray is a multi-purpose lubricant with high penetrating properties to effectively loosen and dismantle rusty parts, jammed objects, stuck parts, and squeaky fittings. It cleans, lubricates and reduces friction of moving parts. Protects metal surface, prevents wear, inhibits rust & corrosion, removes tar & grease and drives out moisture of components to be treated. Regular use prevents the build-up of grime and makes tools easier to use. It is a versatile product that solves a wide range of maintenance and repair tasks.

TOTACHI® Anti-Rust Spray penetrates micro cracks and forms a stable film to protect the parts from corrosion and oxidation processes. The oil film shields the metal from water and other elements to prevent rust formation. High efficiency, low product consumption, thanks to economical spray dispensers, will allow you to save on service station costs.

APPLICATION

Recommended for use in automotive repair shops, workshops, garages, household, and DIY applications. Suitable for use in lubricating hinges, locks, threads, chains, tools, lightly loaded bearings, wheels, rollers, nuts, bolts, valves, seals, levers, handles, bicycle components, automotive parts, electrical components, power tools, hand tools, sliding doors, windows, and any parts or assemblies required to be lubricated and cleaned.

Shake the can before use. Spray the area to be treated using the attached extension tube. Allow the area to soak. Do not wipe off. Electrical devices can be connected to the power source 10 minutes after applying the product.

WARRANTY

TOTACHI® Anti-Rust Spray meets or exceeds industry requirements. TOTACHI® guarantees full compliance with the written specifications indicated on product labels.

CUSTOMER BENEFITS

- **Efficiency Easy assembly and disassembly of parts**
A professional tool that provides easy disassembly and assembly of parts.
- **Protection against corrosion and oxidation**
Forms a protective polymer layer on the treated surfaces, preventing corrosion and oxidation processes.
- **Cleanliness of vehicle parts**
Cleans surfaces and lubricates parts without leaving greasy or sticky residue.
- **Moisture resistance**
Lubricates, displaces, and preserves moisture, allowing deep penetration into hidden and hard-to-reach cavities.
- **Economical**
Low product consumption thanks to economical spray dispensers will allow you to save on service station costs.

Before using this product, ensure it is consistent with OEM's recommendations for the equipment operating conditions and customer's maintenance practices.

TYPICAL TEST DATA

CHARACTERISTICS	UNITS	VALUES
Color	-	Brownish Transparent Liquid
Density	kg/L	0.79 – 0.82
Solubility	-	Non-soluble in water
Flash Point	°C	<0
Adhesion on metal	-	Excellent

STORAGE AND HANDLING GUIDELINES

- Avoid exposing products to direct sunlight.
- Store in cool and dry places. Avoid exposing products to moisture.
- It is highly recommended to store drums indoors or under cover on pallets and racks.

HEALTH, SAFETY & ENVIRONMENT PROTECTION

Information on health, safety and environment protection is described in the product Safety Data Sheet (SDS). The SDS file contains details on potential hazards, precautions and first aid measures, as well as information on environmental impact and disposal of used products.

TOTACHI INDUSTRIAL CO. LTD. disclaims any liability in case the product is used with violation of these instructions and warnings, or it is not used for its intended purpose. Before using product other than intended, consult your local TOTACHI® distributor.
