

## PRODUCT DESCRIPTION

ClearView (-15°C) is a non-freezing windshield washer fluid. The product effectively removes dirt, oil film and insects from windshield, does not leave stains and does not alter optic characteristics of glass. The product protects elastic elements of wipers against abrasive wear and prevents formation of scratches on windshields.

ClearView (-15°C) is manufactured using isopropyl alcohol and desalinized water. The fluid contains surface active reagents, fragrance, dye and anti icing reagent. The product does not produce foam. The product formulation is completely safe for paintwork and rubber seals.

ClearView (-15°C) does not contain methanol and has a pleasant odor of blooming sakura.

## APPLICATION

- The product is recommended for all season application to wash windshields and headlamps in operating temperatures ranging from -15°C up to 40°C.
- ClearView (-15°C) is an optimal choice for automotive glasses with waterproof coating and

washers of headlamps made of polycarbonate glass.

- ClearView (-15°C) is ready for use. It does not require dilution with water.

## CUSTOMER BENEFITS

- The product features improved detergent and anti icing properties, it effectively removes insects from windshields and headlamps.
- The fluid has neutral pH level and does not oxidize either paintwork of car or decorative elements made of chrome.
- ClearView (-15°C) does not have adverse effect on flexible elements of wipers, windshield seals and non-ferrous alloys. The product meets stringent environmental standards.
- The product prevents abrasive wear of windshield surface and provides smooth gliding of wipers. The fluid protects polycarbonate glass of headlamps against turbidity.

It is acceptable to dilute product with water depending on ambient temperatures.

## TYPICAL TEST DATA

CHARACTERISTICS	UNITS	VALUES	METHODS
Appearance		Transparent dyed homogenous liquid without residue or impurities	GOST 28084
Chill point	°C	-15	GOST 28084
Surface stress coefficient	Din/cm	$3,5 \times 10^{-3}$	ToR No П.11.3, CTO 82851503-005-2009
pH value		6,5 – 9,0	GOST 22567.5
Colour		Light Blue	Visually

### **STORAGE AND HANDLING GUIDELINES**

- Avoid exposing products to direct sunlight.
- Cans, packed in cardboard boxes, must be stored in dry places. Avoid exposing products to moisture.
- It is highly recommended to store drums indoors on pallets and racks.
- If stored outdoors drums should be placed sidewise to avoid accumulation of moisture.

### **HEALTH, SAFETY AND ENVIRONMENT PROTECTION**

Information on health, safety and environment protection is described in the product Safety Data Sheet (SDS). The SDS file contains details on potential hazards, precautions and first aid measures, as well as information on environmental impact and disposal of used products.

TOTACHI INDUSTRIAL CO. LTD. disclaims any liability in case the product is used with violation of these instructions and warnings or it is not used for its intended purpose. Before using product other than intended, consult your local TOTACHI® distributor.
